

How do I send you additional content to add to SPIN for us?

Last Modified on 11/16/2017 5:56 pm EST

Go to the Highly Trained Eye website at www.highlytrainedeye.com, click the 'CLIENTS' button in the top right corner, and then click the SPIN logo. A form will appear for you to submit anything to us, as well as links to add attachments or even screencasts.

There is currently a size limit of 25MB; if you have a larger file than that or you wish to do a bulk upload, contact us at service@highlytrainedeye.com and we will make special arrangements for you.
